A Study Of History Toynbee

A Study of History is a 12-volume universal history by the British historian Arnold J. Toynbee, published from 1934–1961. It received enormous popular attention but according to historian Richard J. Evans, "enjoyed only a brief vogue before disappearing into the obscurity in which it has languished." Toynbee's goal was to trace the development and decay of 19 world civilizations in the historical record, applying his model to each of these civilizations, detailing the stages through which ...

Toynbee began his Study of History the same year the Guardian came into office and he finished his final "Reconsiderations" in 1961. The thirteen volumes were his tour de force, his life's labour, his source of future renown. There is something majestic about this work of erudition.

Arnold Toynbee, A Study of History, Volumes 1-13.

Toynbee's main point is that "the failure of both the idolization of the self-sufficient philosopher and the idolization of the oecumenical community to meet the challenge presented by the failure of parochial-community-worship opens the way for a rejection of the worship of human power in all forms."
