View Changes More Easily with Revision Clouds Revision clouds help draw attention to specific areas of your drawing that are changing. Draw revision clouds around new changes in a drawing to quickly identify your updates. Easily stretch, add to, and remove all parts of existing revision clouds, and create revision clouds from almost any object.

An Introduction to AutoCAD for Beginners

Basically, the procedure of user guide creation looks like the following: create a title page, write a preface, describe each step, insert already edited screenshots, add other necessary text, and format the user instruction manual. This software manages templates and can save a doc as a PDF file, Open XML, XPS, RTF, OpenDocument, or a web page
