Dear TC, excellent review of the VAG TDI engines. Regarding the Balance Shaft Module used for the oil pump, as you said in the article above there is the option to do a 'balance shaft module Delete kit' replacing the bsm with a standard chain drive oil pump which I think is found in the CJAA engine - so using standard VAG parts for the job.

Looking at the parts diagram, the CBEA engine (2009 Jetta sedan, sportwagen, and Audi A3 TDI) appear to have a simple adapter over the thermostat and is like older cars. Replacement is much easier since it appears you only have to remove the adapter. Use the pictures here for reference if you have a CBEA engine.
