Pupils will learn all about this historical ship in our National Geographic Kids primary resource, including the Titanic's design and structure, how and why it sank, and what the passengers experienced during the tragic event.

The Titanic primary resource | National Geographic Kids

On the night of April 14, 1912, the R.M.S. Titanic chugged through the frigid waters of the North Atlantic Ocean, its over 2,200 riders unaware of the looming danger. Less than a week earlier, the luxury steamship—at the time the largest man-made moving object in the world—left Southampton, England, for New York City.
