### Nature of Intellectual Property Rights, need for the protection of intellectual property.

In contrast, with traditional property, intellectual property is "indivisible" as an unlimited number of people can "consume" an intellectual good without being depleted. The intangible nature of intellectual property poses problems compared to traditional property such as land or goods.

### Characteristics and Nature Of Intellectual Property Rights

Abstract. Membership and participation in the multilateral trade system is now premised on adoption of the TRIPs Agreement which has in effect internationalised intellectual property (IP) law. This has highlighted the problematic nature of IP as a legal transplant that, it is argued, lies in its domestication of norms and values that are fundamentally irreconcilable or irrelevant in their

To be fair, elitism and narcissism in academe is unavoidable. In fact, the current system of academia promotes a sort of enclosed echo-chamber of ideas—especially the obscure and closed-off nature of its publications. (Publication is a bit of misnomer considering the vast majority of the public cannot easily see, much less afford to read these highfalutin journals.)
