The Short Second Life of Bree Tanner: An Eclipse Novella

...

The Short Second Life of Bree Tanner is a novella by Stephenie Meyer, published in 2010. The novella is a companion to Meyer's third book in her popular Twilight series, intended to expand the fictional universe and provide a different perspective from the main series, which is largely locked to the point-of-view of her protagonist Bella Swan. The story begins with Bree, a newly-made vampire ...

The Short Second Life of Bree Tanner Summary | SuperSummary

It's tragic, it's short, it seems like a good idea for a story, but Bree's life before she is turned is never explored. Her intense but innocent romantic interlude (gotten over with right at the beginning) mimics all the other romance in the saga, and the vampire violence is heavier and darker with none of the redeeming sympathy we came to feel for the Cullens.

Read The Short Second Life of Bree Tanner Chapters 6 ...

The character of Bree was full of life and personality. It was amazing how much Stephenie Meyers brought her to life in this short novella. There is no doubt that this is a tragedy through and through but one with satisfying yet bitter end. I would love to see the other books in the series in the future should Stephenie Meyer's revisit this world.

Amazon.com: The Short Second Life of Bree Tanner: An ...

At 178 pages of fairly large print The Short Second Life of Bree Tanner is a quick read even for a novella. Partly this is because of the aforementioned large print and partly because, like all of Meyer's books, its simplistic construction and language aid comprehension enabling the pages to be devoured at a great pace even by previously lacklustre readers.
